

**About Us:**

**About Timeless Windows & Doors**

Timeless products are made by Gorell Enterprises, a manufacturer of specially engineered, custom-manufactured windows for replacement and new-construction applications, patio doors and aluminum storm windows and doors. The roots of the company can be traced to the very origin of the replacement window industry. In 1947, the Gorell family began a successful window manufacturing operation, and in the 1960s it pioneered the concept of the replacement window. Until then, the innovation of producing custom-made windows to replace less-efficient windows with minimal structural alterations to homes was unknown.

Wayne Gorell later founded Gorell Enterprises on the philosophy that homeowners will purchase top-quality windows and doors for their homes because of the numerous benefits they provide as well as the peace of mind knowing they'll never have to replace them

again. Instilling a spirit of constant improvement and innovation into his company, Gorell is known for constantly pushing his employees to design and manufacture the finest windows and doors in America.

In 1999 Gorell was ranked #30 on the INC 500 list of the country's fastest-growing privately held companies. The company was also selected as the only window manufacturer to partner with the National Crime Prevention Council. More recently, Gorell was honored with the ENERGY STAR® Sustained Excellence Award for the third consecutive year and named Partner of the Year for the fifth consecutive year.

**GREEN SEAL™ CERTIFIED**

Gorell [Timeless Plus](#) and [Timeless](#) double-hung products meet the Green Seal environmental standard governing energy efficiency, heavy metals in the frame and sash materials, packaging and consumer education materials. [Learn more.](#)
